Ignite! CSCOPE® Edition

What is Ignite!?

A whole-class multimedia teaching and assessment tool, Ignite! combines interactive math, science, and social studies content, integrated common assessment, and instructional support in a way that has proven to ignite student achievement and build teacher capacity.

“We believe these materials are a beneficial classroom support tool for CSCOPE districts. We find their instructional design, technology, and organization system to be easy to use and consistent with both the CSCOPE and the most current TEKS/TAKS priorities.”

— Wade Labay, Ed.D.
Director, State CSCOPE

A Match Made for Texas

Based in Austin, Texas, Ignite! Learning has been developing content for Texas districts for more than a decade and has a deep understanding of the TEKS accountability standards. Its content supports CSCOPE's 5E Inquiry Approach and teaching methodologies.

Who is Ignite! Learning?

Ignite! Learning is for administrators, teachers and parents who are dissatisfied with the achievement impact of existing grade level materials. We are the leading middle school digital content solution focusing on motivating hard-to-reach learners and enhancing local standards-based instruction.
